Exhibitor Profile

- Parts & Components

- Automotive Accessories

- Oil & Lubricants

- Suspension, Braking & Emission Systems

- Safety & Security Systems

- Auto Entertainment

- Fuel Systems

- Body Parts & Chassis

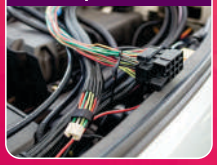
- Cooling & Heating Systems

- 2-Wheeler Components & Accessories

- EV Components & Batteries

- Auto Care Products

- Wheels & Tyres

- Electrical & Electronic Systems


- Commercial Vehicle Components

Visitor Profile

- Wholesalers

- Distributors

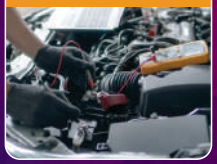
- Retail Store

- Service Centres

- Aftermarket Supplier

- OEMs

- Vehicle Repair

- Component Manufacturer


- Fleet Owners

- Lubricant Dealers

3rd Edition

AutoTechnicia

30 April – 2 May 2027

HITEX Exhibition Centre, HYDERABAD - TELANGANA

DIFFERENT APPROACH: UNVEILING HYDERABAD'S AUTOMOTIVE AFTERMARKET SCOPE

Why Telangana & Andhra Pradesh Are South India's Next Aftermarket Powerhouse

Strategic Pillar	Key Figures & Benchmarks	Why It Matters for South India & Global Exporters
 **Massive Regional Vehicle Parc**	**1.5+ Crore** registered vehicles in Telangana (77+ Lakh in Hyderabad alone; **85%+** 2-wheelers & passenger cars)	Dense urban commuting in Hyderabad and highway freight across TS & AP create rapid replacement cycles for tyres, batteries, brakes, lubricants, and filters.
 **Andhra Pradesh OEM & Export Magnet**	**$2 Billion** fresh Kia India expansion in Anantapur (scaling capacity from 4.3L to **6.3L** units/yr)	High OEM concentration in Anantapur and Sri City anchors a massive Tier-1/Tier-2 supplier base that produces both OE and global export-grade aftermarket spares.
 **Rapidly Scaling Component Ecosystem**	**₹1,614 Crore** in fresh auto component supplier investments; **₹177+ Crore** in Telangana auto component exports	Local manufacturing across Hyderabad, Zaheerabad, Sri City, Divitpally and Visakhapatnam gives visiting distributors and international buyers direct factory sourcing.
 **Gateway to South India's Distribution**	**Direct road, rail, and air** connectivity linking Telangana, Andhra Pradesh, Karnataka, Tamil Nadu, and Kerala	Hyderabad sits at the geographic crossroads of South India.

4th Edition

AutoTechnicia

15 - 16 - 17 OCTOBER 2027

Bombay Exhibition Centre, NESCO - MUMBAI

MAHARASHTRA: INDIA'S AUTOMOTIVE AFTERMARKET POWERHOUSE

INDIA'S #1 COMPONENT HUB

₹27,700 Cr GVA

5 Major Auto Clusters (Pune, Chakan, Nashik, Aurangabad, Mumbai)

BOOMING DOMESTIC DEMAND

12.1% of India's PV Sales (#1 State)

7% of State GSDP | **3.4** Lakh+ Workforce

24.44%
OF INDIA'S AUTO PARTS GVA

GLOBAL EXPORT GATEWAY

15.06% of India's Total Exports

Direct Port Access via JNPT & Mumbai

FUTURE-READY EV & R&D ECOSYSTEM

31% of India's E-Bus Fleet

₹76,000+ Cr New Auto/EV Investments

Why Maharashtra Dominates India's Aftermarket

Strategic Advantage	Key Figures & Benchmarks	Why It Matters for the Aftermarket & Global Buyers
 **#1 Auto Component Manufacturing State**	**24.44%** of India's total auto parts & accessories Gross Value Added **(₹27,700 Cr)**	Unmatched density of Tier-1, Tier-2, and Tier-3 component makers means faster sourcing, competitive pricing, and direct factory access.
 **Dense Industrial Cluster Network**	**95%** of state auto enterprises sit across 5 core clusters (Pune-Chakan, Mumbai-Thane, Nashik, Aurangabad, Nagpur)	Pune alone drives ~30% of Maharashtra's vehicle output and houses specialized R&D, tooling, forging, and precision engineering hubs.
 **Massive Domestic Vehicle Base**	**12.1%** of India's Passenger Vehicle sales **(#1 state)**	High vehicle ownership and dense commercial fleet traffic fuel continuous demand for replacement parts, lubricants, tires, and accessories.
 **Premier Export & Port Gateway**	**15.06%** of India's total exports & **31%** of India's cumulative FDI inflows	Proximity to JNPT (Nhava Sheva) and Mumbai Port makes Maharashtra the primary launchpad for Indian exporters shipping to the Middle East, Africa, Europe, and ASEAN.
 **EV & Next-Gen Aftermarket Leadership**	**31%** of India's e-bus deployment **(#1 state); ₹76,000+ Cr** in fresh auto/EV mega-investments	45% of Pune cluster suppliers already supply EV OEMs, positioning Maharashtra at the forefront of EV spares, diagnostics, and remanufacturing.

EV TECHNICIA

30 April – 2 May 2027

HITEX Exhibition Centre, HYDERABAD

Dedicated B2B Exhibition

for the Electric Vehicle Industry

About EV Technicia

- Showcasing all categories of Electric Vehicles.
- Featuring EV batteries, motors and components.
- Explore charging technology and infrastructure.
- Showcasing EV parts, accessories and smart technologies.
- Connecting OEMs, manufacturers, dealers and industry experts.
- Focused on EV servicing, maintenance, repair and upgrades.

EV Technicia brings the entire EV ecosystem together under one roof, covering both new vehicles and the complete aftermarket industry.
