Facts & Figures

Over the course of three days, from November 14–16, 2025, at Bombay Exhibition Centre in Mumbai, the trade community responded magnificently to the first AUTOTECHNICA 2025, an international exhibition and conference on automotive aftermarket. The inaugural event was a huge success with a record-breaking number of attendees. More than 600 delegates attended the two-day and six-sessions conference that was co-located with the Indian Automotive Aftermarket Conference (IAAC) with great enthusiasm. For the automotive components, parts, accessories, and related products industry, the event offered a one-stop solution where they could come together, meet, interact, and network alongside their businesses with limitless growth potential.

The first AUTOTECHNICA was excellent organized and professional management. We got opportunities to network with new principals in automotive component sector. We have found new products and latest technologies. Definitely visit next time in the show. Overall Great experience.

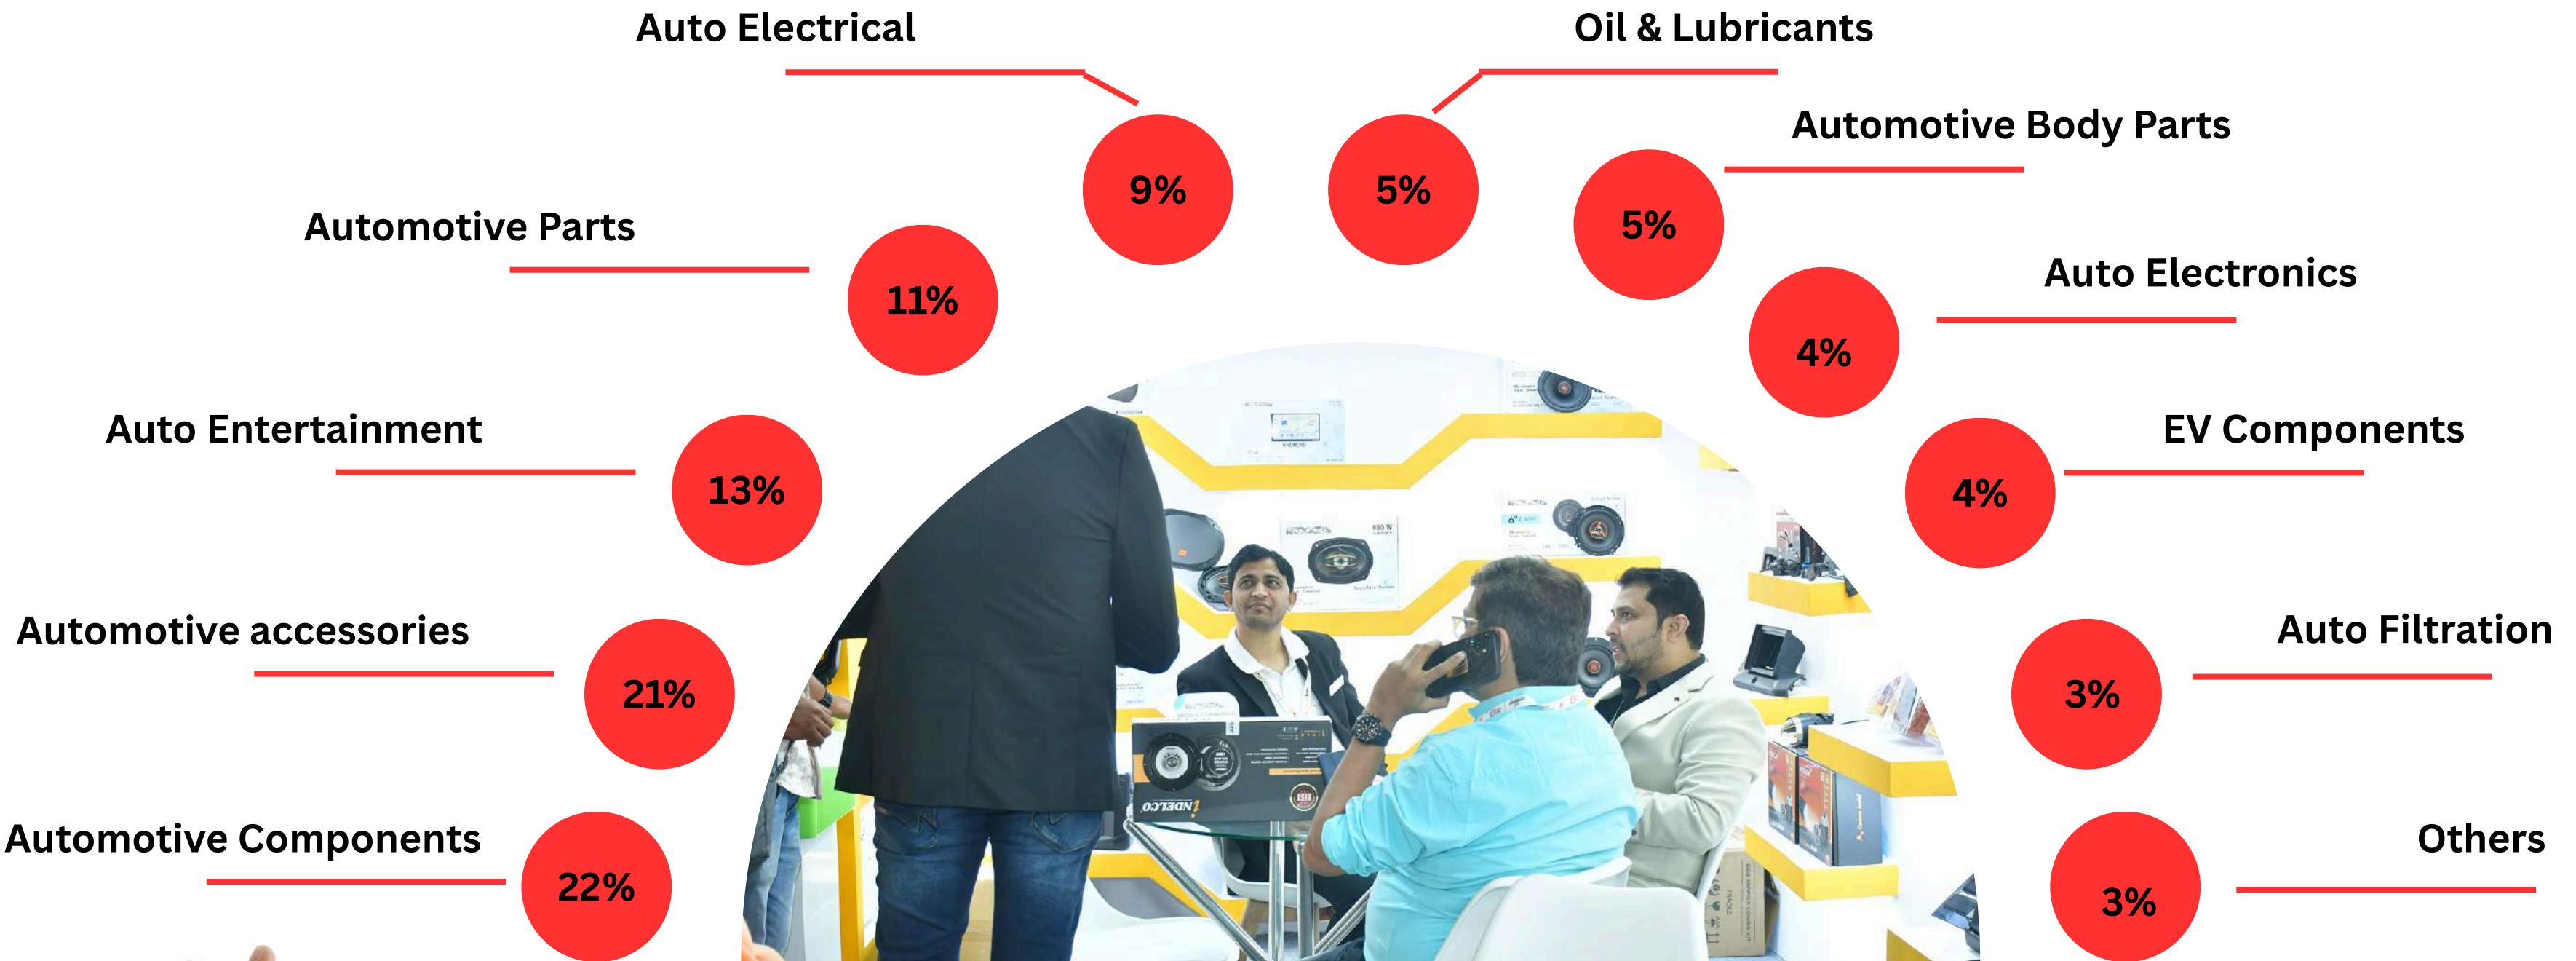

KAWALJEEET SINGH, Partner - MOTORMECHS AUTO ZONE, Pune

For the automotive aftermarket sector, First AUTOTECHNICA is an excellent platform that provides a special chance to network with a wide range of professionals and learn about a vast array of cutting-edge technology, creative solutions, and products—all under one roof. My company has benefited greatly from the event, which has given me connections and insights that have fuelled expansion. It's an occasion that genuinely unites the local industry.

United Kigdom

Over 171 exhibitors displayed 1200+ innovative and latest products that define the current trend in automotive aftermarket industry.

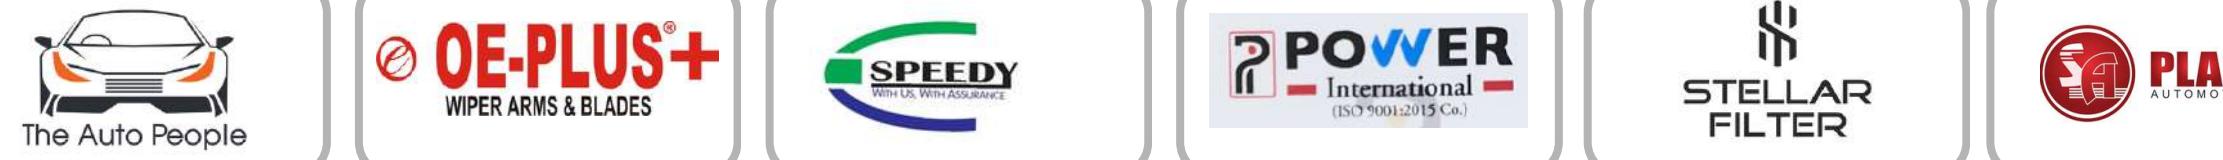

First AutoTechnicia has been an absolutely wonderful experience for us. We've had the chance to interact with a large number of current customers and introduce our products to a large number of prospective buyers. The calibre of the guests has beyond our expectations. We encountered consumers who genuinely expressed interest in our items from big-name companies and retail establishments. We were quite pleased with how well-run the display was.

Sanjay Seth, CEO Shree Automobiles

First AutoTechnicia exhibition stands out as the outstanding event of the year. We are thrilled to be making our debut in Mumbai, and the experience has been truly exceptional. The exhibition was packed with enthusiastic visitors, and our presence has garnered a positive response.

Anil Gupta, CEO New Era Control Cable Industries
